

## Native Plant Presale Order Form

The City of Falls Church's Habitat Restoration Team is pre-selling native plants in conjunction with a Habitat Restoration Event at Cherry Hill Park. **All plants are priced at \$7.00 and come in mostly 6" containers.**

Using Native Plants is a great way to begin transforming your yard into a watershed friendly environment. Native plants are often hardier and need less water and attention than transplants.

**All orders must be received by May 27th with payment** by either mail or drop-off at this address: 802 Ridge Place, Falls Church, VA 22046. We have a limited availability of stock - we cannot guarantee we will not run out of a particular plant so order early.

**Orders will be available for pick up on June 6th** at Cherry Hill Park in the City of Falls Church (behind the community center near the basketball court). Please come by between 1pm and 4pm. If you need to arrange another time please contact Melissa Teates (703-538-6961 or [melanite@verizon.net](mailto:melanite@verizon.net)).
